

A Penny Saved

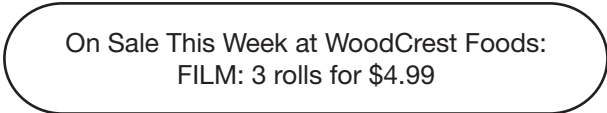

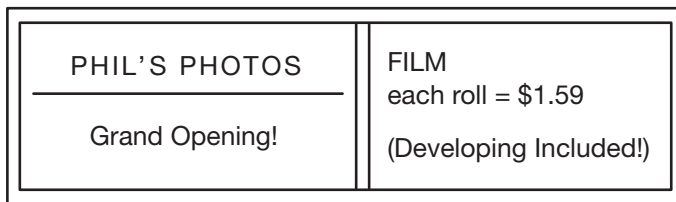

Jennifer is trying to save as much money as possible before her family goes on vacation. Read the following problems and help Jennifer make choices that will allow her to spend the least amount of money.

Decision Making

- Jennifer can buy notebooks at the school store or at the grocery store. Where should Jennifer buy her notebooks?

- Jennifer needs to buy film for her camera. Should she buy film at the photo shop or at the grocery store?

- Jennifer wants to buy snacks for the car trip. She can buy large packages or small packages. If Jennifer wants at least 20 oz of snacks for the trip, which size packages should she buy?
