

Mix It Up

1. Latasha is preparing a rice dish for her family's dinner. The recipe is difficult to use because many of the amounts are listed as improper fractions. Help her by converting the improper fractions to mixed numbers or whole numbers.

Number Sense

Seasoned Rice Ingredients			
$\frac{3}{2}$ c butter	_____	$\frac{10}{4}$ c celery	_____
$\frac{12}{4}$ c rice	_____	$\frac{5}{4}$ c onion	_____
$\frac{7}{4}$ c parsley	_____	$\frac{6}{3}$ c almonds	_____
$\frac{18}{3}$ c chicken broth	_____		

2. Look at the measuring cup below. Write the name of each ingredient next to its amount.

3. How many measuring cups will need to be filled to measure the chicken broth? _____
